**1. BASIS OF PREPARATION AND ACCOUNTING POLICIES**

These unaudited condensed consolidated interim financial statements have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants and Appendix 16 to the Listing Rules of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The condensed financial statements should be read in conjunction with the 2013 annual financial statements.

The accounting policies and methods of computation used in the preparation of these condensed interim financial statements are consistent with those used in the annual financial statements for the year ended 31st March 2013 except for the adoption of certain new or revised standards, improvements and amendments of Hong Kong Financial Reporting Standards (“HKFRSs”) issued and are mandatory for accounting periods beginning on or after 1st April 2013. The Group has assessed the impact of the adoption of these new or revised standards, improvements and amendments, and concluded that there has been no significant impact on the Group’s results and financial position nor any substantial changes in the Group’s accounting policies, except for: (i) HKAS1 (Amendment) – “Presentation of Financial Statements – Presentation of Items of Other Comprehensive Income” requires to group items presented in other comprehensive income on the basis of whether they are potentially reclassifiable to profit or loss subsequently (reclassification adjustments) and (ii) HKFRS13 – “Fair Value Measurement” requires additional disclosures for those assets carried at fair value.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Interim Results**

The Group's unaudited profit attributable to equity holders of the Company for the six months ended 30th September 2013 amounted to HK\$885.0 million, representing an increase of 120% over HK\$401.7 million for the same period in 2012. Property sales had been adversely affected during the period under review due to government's property anti-speculative measures. The profit increase is mainly due to reclassification of Metropole Square in Shatin from properties for sale to investment properties.

The Group's interest in Sheraton-Hong Kong Hotel is stated at cost less accumulated depreciation on the hotel land and buildings in accordance with the current accounting standards.

In order to fully reflect the underlying economic values of the Group's hotel properties, the Group considers it appropriate also to present to shareholders, as set out below, supplementary information on the Group's statement of net assets on the basis that the Group were to state its hotel properties at their open market valuations as at 31st March 2013.

## Property Development

Plans for the development of our Repulse Bay site have been submitted to various government departments for approval. Building plans have been approved.

Metropole Square, an industrial building in Shatin with approximately 430,000 sq.ft., has been given a formal approval by government for a Special Waiver for Conversion from industrial to office and shop uses. No land premium is payable. Alteration works for upgrading the building have commenced already.

As the US economy is improving, it is likely that our French Valley Airport Centre project in California will begin next year.

## **Hotel**

As the supply of new 5-star hotels is going to be limited over the next few years, the Sheraton-Hong Kong Hotel, in which your Group has 35% interest, will continue to have satisfactory performance in the next few years.

## **High-tech Investments**

There are signs that the U.S. high-tech sector is recovering as evidenced by the sharp rise in NASDAQ shares. It is expected that the performance of the funds that we have invested in will improve over the next few years.

## **Prospects**

Government's anti-speculative measures have adversely affected property sales in Hong Kong. However, there are signs that property sales have increased recently. Unless there are new measures by government, it is likely that the property market will stabilize at the present level.

Our cash position is very strong. As the government has increased its land sales program, it is a good opportunity for your Group to increase its land bank over the next twelve months.

## **LIQUIDITY AND FINANCIAL RESOURCES**

At 30th September 2013, the Group's cash net of borrowings was HK\$2,101.9 million as compared with HK\$2,060.2 million at 31st March 2013. The Group's borrowings were payable within one year. All the Group's borrowings were denominated in United States dollars. The US dollar loans are directly tied in with the business of the Group's US operations, and therefore these loans are substantially hedged by assets in the same currency.

Committed borrowing facilities available to the Group, but not drawn at 30th September 2013, amounted to HK\$40.0 million. All such banking facilities bear interest at floating rates generally and are subject to periodic review. The gearing ratio was 1.7% at 30th September 2013, compared to 2.0% at 31st March 2013.

Certain properties for sale and properties under development of the Group with carrying values of HK\$236.1 million (31st March 2013: HK\$235.6 million) have been pledged to banks as security for facilities granted to the extent of HK\$116.8 million (31st March 2013: HK\$121.3 million) against which HK\$76.8 million (31st March 2013: HK\$81.2 million) has been utilised at the balance sheet date.

## **HUMAN RESOURCES**

The Group, excluding associates, employs a total of 218 people in Hong Kong and the United States. Employees' costs, excluding directors' emoluments, amounted to HK\$27.8 million for the period ended 30th September 2013. Remuneration packages are reviewed annually with other employee benefits including medical subsidies, a non-contributory provident fund scheme and a mandatory provident fund scheme.

## **PURCHASE, SALE OR REDEMPTION OF SHARES**

The Company did not redeem any of its shares during the period. Neither the Company nor any of its subsidiaries purchased or sold any of the Company's shares during the period.

## **AUDIT COMMITTEE**

The Audit Committee has reviewed with management the accounting principles and practices adopted by the Group and discussed internal control and financial reporting matters including the review of these unaudited interim financial statements.

## **COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE**

During the period, the Company has complied with the Corporate Governance Code (the "CG Code") as set out in Appendix 14 to the Listing Rules of the Stock Exchange except in relation to the followings:

- (1) Under code provision A.2.1 of the CG Code, the roles of chairman and chief executive officer should be separate and should not be performed by the same individual.

The Company does not have a separate Chairman and Chief Executive Officer and Mr. David Pun Chan currently holds both positions. The Board considers that the combination of the roles of Chairman and Chief Executive Officer can promote the efficient formulation and implementation of the Company's strategies to grasp business opportunities efficiently and promptly. Such arrangement, which has been adopted by many local and international corporations, enables the Company to meet the rapidly changing business environment which needs quicker decision making to achieve business efficiency.

- (2) Under code provision A.4.1 of the CG Code, non-executive directors should be appointed for a specific term, subject to re-election.

Non-executive Directors of the Company are not appointed for a specific term. However, they are subject to retirement by rotation and re-election at the annual general meeting of the Company in accordance with the Company's Bye-laws.

- (3) Under the second part of code provision A.4.2 of the CG Code, every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years.

Every Director of the Company, including those appointed for a specific term (save for any chairman or managing director under the Company's Private Act which was enacted in Bermuda in 1990), shall be subject to retirement by rotation at least once every three years. Pursuant to section 4(g) of the Private Act of the Company, any chairman or any managing director of the Company shall not be subject to retirement by rotation under the Bye-laws.

## **COMPLIANCE WITH THE MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS**

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 to the Listing Rules of the Stock Exchange. All Directors have confirmed, following enquiry by the Company, that they have complied with the required standard set out in the Model Code throughout the period.

Finally, I would like to thank all staff for their loyal support and hard work.

By Order of the Board  
**David Pun Chan**
